Subject: Request for Permission to Conduct a Door-to-Door Awareness Programme on Social and Health Issues

Respected Sir/Madam,

We, the faculties & students of Education Department Manikpur Anchalik College, respectfully seek your permission to conduct a Door-to-Door Awareness Programme on Social and Health Issues at Village Borbila, Manikpur, Assam.

The purpose of this programme is to create awareness among villagers regarding important social and health-related matters such as personal hygiene, sanitation, nutrition, disease prevention, environmental cleanliness, education, and other community welfare issues. Through direct interaction with households, we aim to share useful information and encourage healthy and responsible practices.

We propose to conduct the programme on 06-06-2026 from 10:00 AM to 4:00 PM. The activity will be carried out by students under the guidance of faculty members, ensuring that it is conducted respectfully and without causing any inconvenience to the residents.

We kindly request your approval and cooperation for the successful implementation of this awareness programme at village Barbila.

We shall be grateful for your support and permission.

Thanking you.

Permission Granted

Report on Door-to-Door Awareness Program on Social and Health Issues

Village: Borbila, Manikpur

Date: 06-06-2026

Organized by: Department of Education and in association with IQAC, Manikpur Anchalik College, Manikpur

Introduction

A door-to-door awareness program on social and health issues was conducted in Borbila Village, Manikpur, with the objective of educating local residents about important social concerns and health-related practices. The program aimed to improve awareness, encourage healthy lifestyles, and promote community participation in addressing social challenges.

Objectives

1. To create awareness about personal hygiene and sanitation.
2. To educate villagers on preventive healthcare measures.
3. To promote maternal and child health services.
4. To spread awareness regarding nutrition, immunization, and disease prevention.
5. To discuss social issues such as child marriage, substance abuse, gender equality, and the importance of education.

Activities Conducted

The awareness team i.e. Faculties, IQAC members and students visited households throughout the village and interacted directly with community members. Information was shared through discussions, poster and playcard. Key topics covered included:

- Importance of handwashing and personal hygiene.
- Safe drinking water and sanitation practices.
- Benefits of regular health check-ups and immunization.
- Maternal and child healthcare services.
- Balanced nutrition and healthy dietary habits.
- Prevention of communicable diseases.
- Dangers of tobacco, alcohol, and substance abuse.
- Importance of education and gender equality.
- Awareness against child marriage and domestic violence.

Participation

The villagers actively participated in the program and showed interest in learning about various health and social issues. Women, elderly persons, and youth were particularly engaged during the interactions. Community members raised questions and shared their concerns regarding healthcare facilities and social challenges.

Outcomes

- Increased awareness regarding hygiene and sanitation practices.
- Better understanding of available health services and government schemes.
- Enhanced knowledge about disease prevention and nutrition.
- Positive response toward promoting education and gender equality.
- Encouragement among villagers to adopt healthier lifestyles and socially responsible behaviors.

Conclusion

The door-to-door awareness program in Borbila Village, Manikpur, was successfully conducted and achieved its objectives of educating the community on important social and health issues. The direct interaction with households helped in effectively communicating key messages and addressing community concerns. Such programs should be organized regularly to ensure sustained awareness and community development.
